

The Concert Etiquette Rap

Davies

When you go to a concert
or go to a show,
There are just a few things
you ought to know. *Point right index finger at right temple*
3 taps
People have come from
Far and near. *Left hand out, right hand out*
To a performance they want
to see and hear. *Right index finger points at right eye then up and shout, right ear with right hand*
Therefore, let us demonstrate
Some concert etiquette to
imitate. *hook hands*

When the concert starts
keep your lips closed tight. *(Shh)* *Tap top of watch*
And don't be late, it is not polite.

Leave your cell phones *(cell)* *Owens*
in your cars
Let those on stage be the stars! *Thumbs pointing in self*
Babies sometimes scream
and shout,
So please feel free just to take
them out. *right thumb back*
heads so ear to a audience)

**A code of behaviour
and courtesy**

Socially proper for

you and me! *2 index fingers to audience* *both thumbs back at self*

Rule Number One: #1

Please stay in your chair

So that people can see *right arm sweep across body*
from ev'rywhere. **(Concert Etiquette Rap)**

Rule Number Two: #2

If you must go,

Then wait till the song is done,
you know.

When you're ready to return
Just listen for applause, now live
and learn! *golf clap*

(Concert Etiquette Rap)

Please sit tight til the
concert's done.

Applause means,
"Thanks to ev'ryone!" *golf clap*

Now that you are in the know,
Sit back, relax, and enjoy the
show! *cross arms over body and lean into partner*
